Each enrolment is personalised and requires the Cardholder, having consulted the privacy notice on the processing of personal data, to provide their personal data, with the obligation to communicate any changes thereto via the website www.trenitalia.com. The Cardholder warrants the accuracy and truthfulness of all information provided to the Promoter and is solely and exclusively responsible therefor.

In the event of improper use of the Cards, in particular for points accumulated in connection with journeys made by a person other than the Cardholder (see the following Article 10, 2nd paragraph), the Promoter reserves the right at any time to cancel such person’s enrolment in the Prize Promotion, resulting in the forfeiture of accumulated points, as well as to take any type of action and/or initiative (by way of example and without limitation, the suspension of the Card) to protect its own rights, interests and entitlements.

Cardholders may at any time request withdrawal from the Prize Promotion by accessing the Reserved Area on the website www.trenitalia.com through the “Cancel enrolment” section. Art. 10 – Points Accumulation

All Cardholders, from the date of enrolment in the Prize Promotion, will accumulate points in accordance with the parameters and procedures set out in the following Table 1.

TABLE 1

Method	Points
For each euro (one euro/00), VAT included, spent on the purchase of Travel Documents on domestic routes, valid for journeys on the following train categories: • Frecciarossa • Frecciargento • Frecciabianca • Freccialink	1

• Eurocity (exclusively for journeys within the national territory) • Euronight (exclusively for journeys within the national territory)	

Only journeys made by the Cardholder on trains listed in the above table operated by Trenitalia S.p.A. entitle the Cardholder to accumulate points.

Points credited in connection with journeys made by a person other than the Cardholder will be cancelled. In such cases, the Promoter reserves the right, at any time and at its sole discretion, to suspend or cancel the Cardholder's enrolment in the Prize Promotion, resulting in the cancellation of accumulated points, and/or to take any action deemed appropriate to protect its own interests, entitlements and rights.

Journeys on trains not expressly listed in the above table do not entitle the Cardholder to accumulate points.

Furthermore, the following types of tickets do not entitle the Cardholder to accumulate points:

- ticket changes and tickets purchased on board the train;
- tickets purchased through channels other than the following: www.trenitalia.com, Trenitalia ticket offices, FrecciaLounge, FrecciaClub, self-service ticket machines in the national network, Trenitalia travel agencies, Trenitalia App, Trenitalia Call Center;
- tickets related to promotional offers, unless otherwise indicated in the commercial terms of the specific offer;
- admission fees, "Tutto Treno" cards and similar;
- tickets for international journeys unless otherwise indicated on the website www.trenitalia.com;
- tickets not used by the Cardholder, even if purchased by the Cardholder.

For the crediting of points, the Cardholder must, at the time of purchasing Travel Documents, provide the Promoter with the personal code of their Card, in the specific manner required by the various sales channels, and verify that the code is correctly shown on the Travel Document.

Trenitalia inspection staff will verify the exact correspondence between the personal code indicated on the Travel Document and that shown on the Card. The Cardholder is in fact required to carry their Card, including in the provisional paper version or in digital format or as a photograph (provided that both the Cardholder's name and surname and their personal code are legible), throughout the entire journey.

Trenitalia staff will also have the right to identify the Cardholder by means of a suitable identity document. Pursuant to the General Conditions of Carriage, Trenitalia inspection staff may also verify whether the Travel Document has been issued in accordance with the provisions therein.

The Promoter reserves the right to verify at any time that the accumulation of points and the relevant balance are in compliance with the Regulations of the Prize Promotion and all provisions relating thereto and, in the event of non-compliant conduct, to take any type of action and/or initiative (by way of example and without limitation, the suspension of the Card, withdrawal from the Prize Promotion, the cancellation of points) to protect its own interests.

Further checks may be carried out at the time of the prize request.

Points are available for prize requests only after the date of travel, within 3 (three) days of the date of travel, including in cases where the relevant credit is applied before the journey itself.

The sum of points available for prize requests, net of points used, is defined as the “Prize Points Balance”.

Conversely, the “Accounting Points Balance” is the sum of the Prize Points Balance and points related to journeys purchased but not yet made, always net of points used.

The Cardholder, by accessing the Reserved Area on the website www.trenitalia.com will be able to view both the “Accounting Points Balance” and the “Prize Points Balance”.

If, after 3 (three) days from the date of travel, the points have not been credited despite the CartaFreccia code being correctly shown on the Travel Document, it is possible to request assistance within the Reserved Area on the website www.trenitalia.com.

After purchase, for the purpose of crediting points, it is only possible to recover Freccie, Eurocity and Euronight tickets that show the Cardholder’s name and surname and for which the CartaFreccia code was omitted at the time of purchase. The Cardholder may proceed to recover the points related to the Travel Document independently from their Reserved Area on the website www.trenitalia.com in the “Points Recovery” section within 30 (thirty) days of purchase.

The coupons of purchased Travel Documents must be kept until points are credited by Trenitalia.

If a Cardholder requests a full or partial refund of the Travel Document, such refund, even if partial, will result in the cancellation of the entire value of points credited as a result of the purchase of the subsequently refunded Travel Document.

The Promoter may, during certain periods of the Prize Promotion, activate time-limited promotional initiatives relating to more favourable point crediting conditions (e.g. double or additional points for certain qualifying behaviour), which will be duly communicated on each occasion to the Cardholders concerned via the website www.trenitalia.com and through all other means deemed appropriate.

The Promoter also reserves the right to provide, during the period of the Prize Promotion, new and/or additional qualifying actions, in addition to those indicated herein, including for limited periods of time, of which due notice will be given to Cardholders through the same channels and means used for the publication of these Regulations, indicating the respective points, the duration period, as well as the methods of data acquisition by the Promoter (automatically or upon upload by the interested Cardholder).

It is understood that, except for periods expressly indicated in the respective communications, only the terms and conditions for the award of points set out in these Regulations shall apply.

Accumulated points are valid for prize requests up to and no later than 31 March 2027 and may not in any way be converted into cash.

Art. 11 – Benefits and Points Offered by Partners

The Promoter may develop specific participation agreements for the Prize Promotion with Partner companies, providing for the crediting of points:

- for purchases of goods and/or services from Partner companies;
- in substitution of a portion of points accrued in the specific loyalty programme of Partner companies (so-called points exchange).

The Cardholder shall communicate their personal Card code to the Partners, at the Partners' premises or on the website www.cartafrecciacollection.com at the time of purchase or points exchange request.

It should be noted that for certain Partner companies, the list of which will be available at <https://www.trenitalia.com/it/cartafreccia/guadagna-punti-dai-partner.html>, the crediting of points will take place exclusively through the entry of a unique code, previously issued by the Partner in accordance with the procedures established by the Partner, in a dedicated section of the website www.cartafrecciacollection.it.

Points related to such initiatives may be credited up to 75 (seventy-five) days after the initiative itself. In the event of non-crediting, it is necessary to contact the customer service of the relevant Partner directly, which will process the personal data provided as an Independent Data Controller.

Points credited by virtue of such initiatives will be subject to the same conditions (duration, usability, etc.) as points normally credited by the Promoter.

The Partners of the Prize Promotion are solely responsible for the terms of points crediting.

The Cardholder is required to verify, at the Partners' premises or on the website www.cartafrecciacollection.com, the conditions in force.

Trenitalia disclaims all liability with regard to the services and products offered by Partners.

The complete and up-to-date list of all Partner companies and their respective points accumulation methods is available at the following address <https://www.trenitalia.com/it/cartafreccia/guadagna-punti-dai-partner.html>.

Art. 12 – Validity and Use of Points

All accumulated points may be used by the Cardholder to request prizes from the catalogue, referred to in Annex 1 to these Regulations, available on the website www.trenitalia.com.

Upon reaching the required score, the Cardholder will be entitled to request the chosen railway prize in accordance with the following procedures:

- by calling the Trenitalia Call Center; the Cardholder will provide the operator with the data necessary for identification, which will be processed in accordance with the provisions of the privacy notice reviewed at the time of registration, and will request the prize of interest; the operator will verify the entitlement to the prize and proceed with its assignment;
- by accessing the website www.trenitalia.com: the registered Cardholder, once in the Reserved Area, based on their points balance, will be able to request the railway prize. Following the request, an e-mail containing all the data needed to use the requested railway prize will be sent to the address indicated at the time of joining the Prize Promotion;
- by accessing the CartaFreccia section on the Trenitalia App: the registered Cardholder, having logged in to the dedicated section, based on their points balance, will be able to request the railway prize. Following the request, an e-mail containing all the data needed to use the requested railway prize will be sent to the address indicated at the time of joining the Prize Promotion;
- at FrecciaLounge and FrecciaClub locations, for Cardholders who are entitled to access these, with the support of Trenitalia staff;
- at the dedicated counters of enabled Trenitalia ticket offices.

Railway prizes are personalised and may be used by either the Cardholder or a third party, whose name must be entered at the time of prize issuance, with the exception of the upgrade prize which may only be used by the Cardholder.

Once the railway prize has been issued, no changes of any kind are permitted, nor may a refund be requested, unless otherwise indicated.

Only in the event of a delay in the arrival of the train used with the ticket/railway prize, a refund is provided by way of re-crediting of points in the following amounts:

- 25% of the points used to request the prize for a delay of between 30 and 119 minutes;
- 50% of the points used to request the prize for a delay of at least 120 minutes.

Re-crediting of points is not available for Freccie Gift Cards.

A points refund may be requested after 24 hours from the journey and up to 12 (twelve) months after the date on which the delay occurred, exclusively by opening an Assistance Request through the “CartaFreccia Assistance” section in the Reserved Area on the website www.trenitalia.com.

Through the same request procedure, a bonus equal to 25% of the points used to request the prize is also granted in the event that, in the carriage where the traveller is seated, the air conditioning system is completely non-functional and it is not possible to assign a seat in another carriage of the same or higher class or service level. The Cardholder loses the right to the bonus if they refuse an alternative seat in another carriage of the same or higher class or service level.

Where the conditions for both the points refund for delay and the points refund for non-functioning of the air conditioning system apply to the same journey, the two benefits are not cumulative and therefore the Cardholder is entitled only to the re-crediting of points for delay.

In both cases, the re-crediting of points will be applied to the CartaFreccia collection in progress at the time of the refund.

Stolen and/or expired railway prizes cannot be reissued and the Cardholder will forfeit the right to the relevant journey.

In the event that the Cardholder is unable to use the prize, they shall not be entitled to any monetary compensation.

In the event that the Promoter introduces further prizes, gifts and services (not necessarily related to the Promoter), these may be requested by the Cardholder by accessing the website www.trenitalia.com; the registered Cardholder, having accessed the Reserved Area, based on their points balance, will be able to request the chosen prize.

Prizes may be requested from 16 June 2022 and no later than 31 March 2027.

All accumulated points not used by 31 March 2027 will be automatically cancelled, as will all accumulated and unused points for Cardholders who request withdrawal from the Prize Promotion. In the event of withdrawal and subsequent re-enrolment in the Prize Promotion, any accumulated and unused points prior to withdrawal cannot be recovered. The Cardholder may start accumulating points again from the date of re-enrolment in the Prize Promotion; no retroactive validity applies to points accumulated between withdrawal and re-enrolment.

Art. 13 – Prizes

Points accumulated during the Promotional Period may be used from 16 June 2022 and no later than 31 March 2027 to request prizes offered by the Promoter consisting of train tickets or other Trenitalia services (formerly “railway prizes”), listed in the catalogue published on the website www.trenitalia.com which is attached to these Regulations, in force at the time of the prize request. The use and availability of prize tickets may be subject to limitations on certain days and for specific routes; limitations on prize ticket availability will be communicated in advance on the website www.trenitalia.com. For the regulation of railway prizes, the provisions of Trenitalia’s General Conditions of Passenger Carriage shall apply in all cases.

In addition to and in expansion of the prizes, new and/or different products and/or services may be added during the duration of the Prize Promotion, including for limited periods, of which due notice will be given on the website www.trenitalia.com.

For each request, once the Cardholder’s status and, more generally, the existence of the requirements set out in these Regulations have been verified, the prize will be dispatched to the physical address and/or e-mail address, in the case of digital prizes, indicated by the Cardholder at the time of the prize request.

Once the prize order has been confirmed, the request may no longer be cancelled or replaced, nor may the contact details indicated at the time of ordering for prize delivery be changed.

Prizes will be delivered free of charge within 180 days of the date of request, in accordance with the statutory provisions (Art. 1, para. 3, Presidential Decree 430/2001).

In the event of a dispute between a Cardholder and the Promoter, the latter reserves the right to suspend the assignment of the requested prize(s) until the dispute in question has been definitively resolved.

Notes on prizes:

- The Cardholder may not in any case and for any reason request the monetary value corresponding to the prize ordered nor the exchange/replacement thereof; however, the Promoter, in the event that it is unable to deliver the prize due to supervening impossibility for reasons not attributable to it, reserves the right to replace the announced prizes with prizes of similar or superior characteristics, of the same and/or a different brand. Manufacturer’s warranties apply to products.
- The Promoter cannot in any case be held liable for any problems arising during the use of prizes or for their improper use by Cardholders.
- The Promoter shall remain uninvolved in any dispute that may arise between the prize winner and the supplier thereof or any other third party in relation to the use/functioning of the Prize and/or any part thereof.
- Barring unforeseen circumstances and/or organisational mishaps beyond its control that may in any way prevent the absolute observance of the deadlines set, the Promoter undertakes to deliver the prizes, if available, as soon as possible from the date of request to the Cardholder who made the request, and in any event within the statutory time limits (Art. 1, para. 3, Presidential Decree 430/2001).
- Photographic images are representative of the prizes.

Art. 14 – Prize Pool and Guarantee

As a guarantee of the prizes promised, a surety (insurance or banking) by stamp or bank deposit equal to 20% of the prize pool value shall be provided; the prize pool value being set at €3,000,000 (three million euros) (VAT

Any amendments that may be made to these Regulations during the course of the Prize Promotion, in respect of the rights already acquired by Cardholders, will be communicated in advance to Cardholders through the same public communication channels used for these Regulations.

The transfer of CartaFreccia points to the Partner loyalty programmes provided for from time to time in these Regulations will take place according to the respective conversion rate set out in the above table and presupposes the prior enrolment of the Cardholder in the relevant programmes: if the Cardholder is not enrolled in the programme of interest, they must proceed with the respective enrolment directly at the Partner.

Once the transfer of CartaFreccia points to the Partner loyalty programme has been requested, it will not be possible to cancel the operation.

It should be noted that, at the time of requesting a prize, the Cardholder will be required to provide their identification details linked to the Partner loyalty programme (e.g. the e-mail address and the identification code) and the Promoter reserves the right to carry out the appropriate checks with the Partner involved.
